

(Senior) Consultant Auditing/Audit part-time/full-time (f/m/d)

Jobcode:
A-6173

Your tasks

- **Competent auditing and consulting** - You want to make a difference, have a precise eye and enjoy digital change? Then you've come to the right place, because we're no longer just about numbers, but about interdisciplinary solutions. Help shape the digital transformation of auditing and use innovative technologies. Focus on the really exciting issues of annual and consolidated financial statement auditing.
- **Challenging tasks** - Your broad spectrum of topics ranges from the audit of individual and consolidated financial statements under commercial law to annual financial statements in accordance with international accounting standards. During the audit, we work together in teams and benefit from our international network of experts and our specialists from the service lines. In this way, we create great added value for our clients and receive new impetus every day.
- **Exciting insights** - When we serve our clients from a wide range of industries, we first need to understand their business model, corporate culture and potential in order to interpret their figures correctly. You'll get deep insights into what drives these diverse companies and makes them so special. Become part of our audit team and help us solve exciting entrepreneurial issues as a real partner in to our clients!
- **Agile togetherness** - The future of collaboration lies in a new us! We value the personal interaction and cooperation in the team and live your individual flexibility. Together with your team, you will find meaningful ways of working together, both virtually and on-site.
