Room Q4.104
Scholars have been discussing law and logic for millennia and the debate continues. This is mainly because each epoch needs to develop its own concept of ‘legal logic’ in line with the challenges of its time.

This workshop seeks to provide a broad survey of contemporary issues in the field of law and logic, exploring not only ‘legal logic’ itself, but also the socio-economic conditions that influence our understanding of the relationship between law and logic.

**Schedule**

**9.30 am**  
Check-In

**10.00 am**  
Welcome and Introduction

**About the Organizers**

Prof. Dr. jur. Dieter Krimphove is professor of European Business Law at the University of Paderborn, Jean Monnet Professor ‘ad personam’ and Visiting Professor at the Danube University Krems and the University of Strasbourg. His research focus is on the applicability of logical structures, notably of fuzzy-logic - in legal decision-making processes.

Dr. Gabriel M. Lentner is Postdoctoral Fellow at the Department of Law and International Relations at Danube University Krems, Austria and a Transatlantic Technology Law Forum Fellow at Stanford Law School. He also teaches Law and Logic at the University of Vienna and other universities. His main research interests lie in Public International Law (esp. International Economic Law) and Legal Theory and Logic.
